Shirts Received Practice # _____ Team # _____

Consent/Release Form

The VE Mighty Mites program is designed as an introduction to soccer. Our team coaches are volunteers, some with limited experience in coaching soccer. Please be patient with the coaches as they learn with your child and hope to make this first experience a fun one.

This is a consent form to allow _____ to play on the Mighty Mites team. This form also releases the V.E. Club, Mighty Mites Committee and Coaches from all liability if per chance your child is injured.

We do not expect any types of injuries, nor have we experienced any in all the years Mighty Mites have been in existence. This is just a formality to give the Club, the Coaches and the Mighty Mites Committee peace of mind.

Thank you for your cooperation.

Tom Kehan and the Mighty Mites Committee
